

TECHNICAL DATA

PRODUCT NAME:	Peanut ShellBe
ICON FOODS PRODUCT CODE NUMBER:	6206
DESCRIPTION:	SweetBitz Peanut ShellBe Candies are zero sugar added candy-coated chocolate morsels with a peanut center. Naturally non-GMO, these candies are formulated with erythritol, stevia extract, FOS, and natural colors. The combination of erythritol and stevia gives these indulgent treats a neutral and balanced sweetness. As their name suggests, in the chocolate center sits a savory, roasted peanut. Rounding out the formula are natural colors—red radish, spirulina extract, and turmeric—that give Peanut ShellBe Candies their orange, brown, and yellow hues. Peanut ShellBe Candies would make ideal inclusions for low carb trail mixes, frozen confections, fudge, truffles, edible cookie dough, bars, and more. Because our candies are derived without the use of chemicals, they can be used to support a clean label claim.
COMPOSITION:	Dark Chocolate (Unsweetened Chocolate, Fructooligosaccharides, Erythritol, Cocoa Butter, Sunflower Lecithin, Natural Flavor, Stevia Extract), Peanuts, Erythritol, Soluble Tapioca Fiber, Contains Less Than 2% of Peanut Oil, Gum Acacia, Shellac, Coloring (Turmeric Oleoresin, Spirulina Extract, Vegetable Juice [Red Radish]), Carnauba Wax.
COUNTRY OF ORIGIN:	United States
ALLERGENS:	Contains Peanuts. May contain Milk, Tree Nuts, Soy, Wheat.
KOSHER:	cRc Dairy
BSE:	No animal derived ingredients are used in the production of Peanut ShellBe.
LABELING:	Peanut ShellBe complies with limits established for residual pesticides as per USP <561>.
PACKAGING & RECOMMENDATIONS	Peanut ShellBe comes in a 30 lb box with poly inner bag. Peanut ShellBe should be stored at 65 – 75°F at ≤50% relative humidity in unopened containers in a dry, clean, odor free warehouse. Shelf life is 300 days when stored under recommended conditions.
STORAGE CONDITIONS:	
REMARKS:	This item is a raw material for commercial use only.

STABILITY & REACTIVITY:

TOXICOLOGICAL DATA:

ECOLOGICAL INFORMATION:

DISPOSAL CONDITIONS:

TRANSPORT INFORMATION:

REGULATORY INFORMATION:

OTHER INFORMATION:

Thermal Decomposition: Stable under normal conditions of use.

Oral: Essentially non-toxic and edible in small quantity.

Dermal: Expected to be essentially non-toxic.

Inhalation: Slight Ethanolic Sting – irritation

Toxic Effects: None

Eye: Very Mild/Minimal – Not a transient Conjunctival Irritant at 10% concentrate in water (Eyetex classification).

Biodegradation: Expected to be ultimately biodegradable.

Fish Toxicity: No Data.

Dispose of according to local, state, and federal regulations.

UN Number: N/A

UN Name: Not Assigned

IMDG Code/Class: Not Hazardous

IMDG Code Page No: N/A

ICAO/IATA Air Class: Non-Hazardous

ICAO/IATA Air Class Packing Group: N/A

RID/ADR Class: Non-Hazardous

ADNR Class: Non-Hazardous

Occupational Exposure Limits: N/A

Supplementary Dietary/Food Use: FDA GRAS Status within the USA

Note: Based on its review of information and data submitted by industry, FDA has concluded there is no basis to object to the use of certain refined Stevia preparations in food. These refined Stevia preparations may be lawfully marketed and added to food products sold in the United States.

This conclusion was drawn through a process of self-affirmation which means that the ingredient is found to be safe by an expert panel review, but a notice is not submitted to FDA. In order to obtain a no-objection letter with a GRAS notification, the stevia product must be manufactured under Good Manufacturing Practices regulations and must meet the JECFA specifications for purity, which include the requirement that 95% of the dry weight of the product must consist of the seven glycosides recognized by JECFA.

As published in the Official Journal of the EU as of November 11, 2011, steviol glycosides have been approved for use in foods sold in the European Union. The appropriate regulatory bodies—the joint FAO/WHO Expert Committee on Food Additives (JECFA) and the European Food Safety Authority (EFSA)—agree that the sweetening compound is safe for all populations to consume and is a suitable sweetening option for diabetics.

Information contained herein as well as any representations made regarding this information are believed to be accurate and reliable however no warranty or guarantee, express or implied, is made regarding information and/or product.
